# BOMBAY

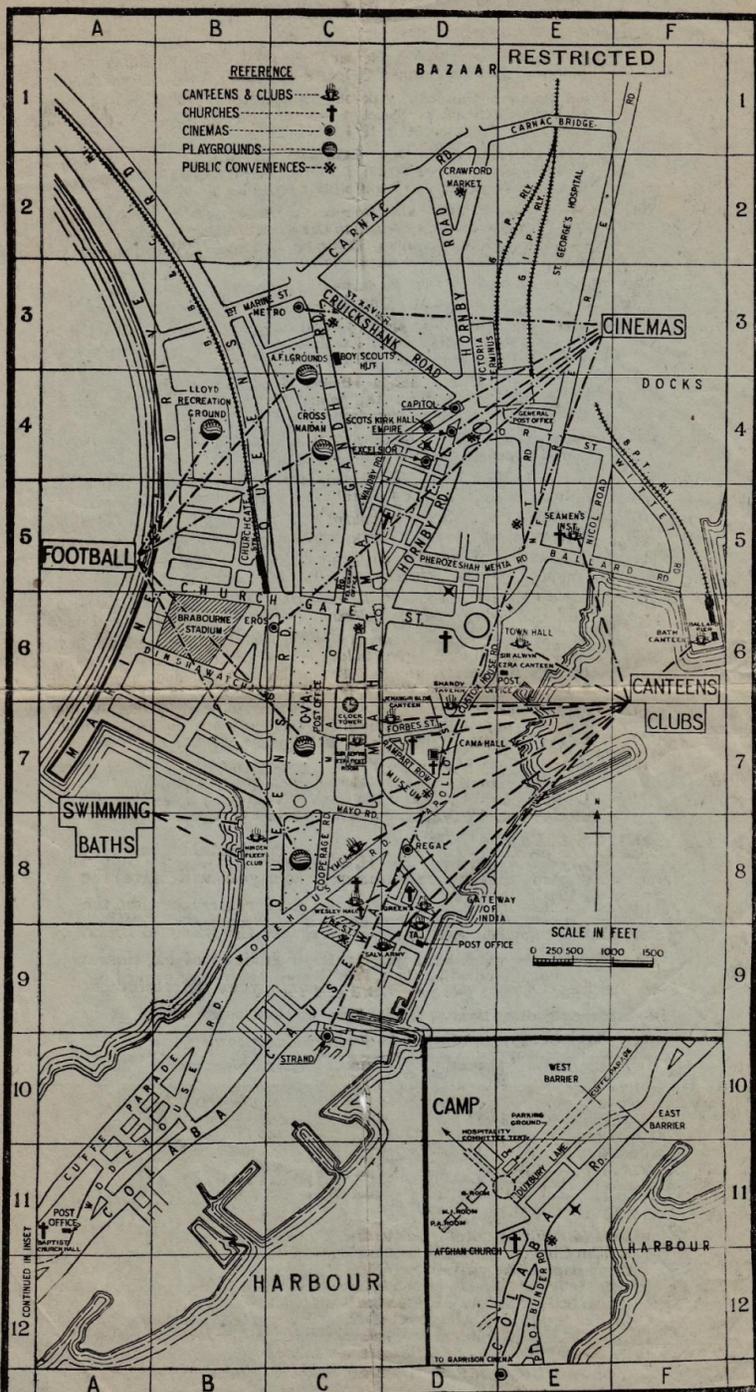

## WELCOME TO BOMBAY

BOMBAY'S citizens are very anxious to ensure that you enjoy yourselves, so that when you move on you will have the happiest memories of their city, but please remember that the European population of Bombay, and indeed the whole of India, is comparatively small and that though Indians of all classes are helping us in every way to welcome you, entertainment in European houses is not possible on the same scale as in places where the population is mainly European.
